

2005 Stolpman Estate Olive Oil

MARILYN'S HOPE is a collaboration between proprietor Marilyn Stolpman and landscape designer Hope Fidziura, who planted the estate's olive orchard in 2000.

A Tuscan-style field blend of four traditional varieties, this oil was made entirely in the Italian method: olives handpicked and pressed immediately to capture the oil's vibrant flavor and fresh, green hue.

To ensure freshness, store in a cool place away from light for no more than two years. Use within six months of opening.
